

# F1 Peacock™ series

20-30 cm  
8-12 inches

## *Brassica oleracea*

● 20-25°C/ 68-77°F ● 4-5 days ● 200-300 sd/g

- The plants can withstand moderate frosts and freezes and work well in wet conditions as their open feathery leaves are less likely to trap and hold water than fringed- and round-leaved types
